

Standard Cleaning

Cleaning Checklist

An upkeep cleaning system recommended for homes that are either well maintained, or have been deep cleaned recently. For better results it is suggested on a weekly, every other week or monthly basis. A deep cleaning is always recommended when we first approach a house and at least twice a year.

Whole House

- Cobwebs
- Ceiling fans and vents
- Blinds * if excess of build up is present, a detailed cleaning will be recommended - Add-on
- Windowsills, tracks and ledges
- Door and door frames
- Doorknobs, outlets and switch plates
- Mirrors
- Knicks-Knacks
- Tables and chairs
- Shelves and furniture surfaces
- Stairs handrail
- Utility room appliances exteriors
- Baseboards
- Area rugs
- Floors
- Family room sofa's upholstery
- Trash emptied and liner replaced

- Fully cleaned/depending on the areas might included wet technics.
- Lightly cleaned/dry technics/light dusting

Bathrooms

- Cabinets exteriors
- Bathroom accessories
- Mirrors
- Counters
- Sink
- Light fixtures
- Toilet
- Bathtubs and showers

Kitchen

Note: Kitchen area, bathtubs and showers are expected to be in well-maintained condition to qualified for standard cleaning. When deep cleaning technics must be used due to the condition found during the initial inspection, an extra charge in price might be expected. It will be advised before the start of the cleaning for approval.

- Cabinets exteriors
- Microwave inside & out
- Outside of range hood
- Kitchen backsplash
- Over the sink window
- Countertops
- Countertop appliances exteriors
- Cooktop
- Sink
- Oven exterior
- Fridge exterior

Bedrooms

- Shelves and furniture surfaces
- knick-knacks **dusted**. *with limited movement of items depending of the amount
- Make beds * **Changed when left outside**

Note: Blinds, windowsills, baseboards and kitchen/bathrooms cabinets exteriors are fully dusted and/or spot cleaned. Cleaning of windows and doors/door frames are not included. To ensure the level of cleanliness of the home, a deep cleaning is strongly recommended as an initial visit, and ideally every 6 months after that, to give special attention to those areas that doesn't need periodical deep cleaning, but can't be forgotten forever.
